**Searching Standards for Federal Courts:**

District Courts index by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed PACER, the online public access program. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER see the Appendix or go to <https://www.pacer.gov> or call 800-676-6856.

The copy fee is \$.50; \$.10 if electronic document is printed from terminal. Certification fee is \$11.00 per document and \$21.00 for exemplification, if available. If a case is still available from the individual federal court, the search fee is \$30.00. If the case is at the Archives, the case can be ordered from the court. The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information, including fees, at [www.archives.gov/research/court-records/](http://www.archives.gov/research/court-records/).55.

## Details on the Court Structure

The **Circuit Court** is the court of general jurisdiction and hears civil matters involving more than \$5,000, capital offenses and felonies, land dispute title cases and contested probate cases. The **Family Court** is a division of the Circuit Court and has concurrent jurisdiction with certain domestic abuse matters. However, the Family Court division retains primary jurisdiction in cases involving dissolution of marriage; child custody; visitation; maintenance and support; equitable distribution of property in dissolution cases; adoption; and, termination of parental rights.

**District Court** is the court of limited jurisdiction and handles juvenile matters, city and county ordinances, misdemeanors, violations, traffic offenses, probate of wills, arraignments, felony probable cause hearings, small claims (\$2,500 or less), civil cases involving \$5,000 or less, voluntary and involuntary mental commitments and cases relating to domestic violence and abuse.

## Record Searching Facts You Need to Know

## Fees and Record Searching Tips

Nearly all courts will not perform a name search. Instead courts send criminal record search requesters to a statewide service provided by the Administrative Office of the Courts. Records may be requested via fax, standard mail, walk-in, even a drive-thru service, and online (see below). The CourtNet Criminal History database contains records from all 120 counties for at least the last five years for all misdemeanor and traffic cases and for felonies dating back to 1978. The fee is \$20.00 per record. A SASE must accompany mail requests. Criminal records do not contain arrest records. Call 800-928-6381 for more info. Agencies that employ persons with supervisory control of minors are considered Youth Requests and not required to pay a fee.

Note the CourtNet system will send individuals being checked a copy of their record and the requester's name. Agencies that employ persons with supervisory control of minors are considered Youth Requests and not required to pay a fee.

See <http://courts.ky.gov/aoc/criminalrecordreports/Pages/default.aspx> or call 800-928-6381 for more info.

## Several Online Access Programs are Available

There are three systems offered.

1. The KY Admin. Office of Courts provides a criminal record online ordering system at <http://kcoj.kycourts.net/PublicMenu/Default.aspx?header=AOC+FastCheck>. Called AOC Fast Check, the program charges \$20.00 per record. This is not an interactive system; requesters receive an e-mail notification when the results are available. A vender, designated by the state, handles the credit card transactions and charges a reported 5% surcharge. The following case types are not available - juvenile, mental health, and civil/domestic violence.

### Cautionary Note About This System:

The subject of the search is notified of the request, sent a copy of the record, and is given the name of the requester.

2. A very limited free search for all types of court records is offered at <http://apps.kycourts.net/CourtRecords>. Search by party name, case number, or by citation number. Few historical records are provided. Most of the cases lists are pending. Results shown are only the name and case number. A free search site for daily court calendars by county is found at <http://kcoj.kycourts.net/dockets/>.

3. A separate system is offered for use by registered members of the KY Bar. CourtNet-KBA can be used to review pending cases at <https://kcoj.kycourts.net/CourtNet/>.

# Kentucky Recording Offices

## Organization:

120 counties, 121 recording offices. The recording officer is the County Clerk. Kenton County has two recording offices. 80 Kentucky counties are in the Eastern Time Zone (EST) and 40 are in the Central Time Zone (CST). Many offices are open until Noon on Saturdays.

## Documents Recorded

Documents recorded include deeds, mortgages, releases, wills, liens, federal and state liens, and marriage licenses.

## Searching Recorded Documents:

Only a few counties will perform real estate searches. Copy fees vary. Certification fee is usually \$5.00 per document. Tax records are maintained by the Property Valuation Administrator, designated as the "Assessor" in this section.

The state mandated fee for a written information request is \$15.00 per debtor name.

## Searching Tax Lien and UCC Records:

All federal and state tax liens on personal property on either individuals or businesses are filed with the County Clerk, often in an "Encumbrance Book." Most counties will not perform a separate tax lien search.

Under revised Article 9, Kentucky changed from a "local filing state" to a "central filing state" with filing at the Secretary of State, UCC Branch. Real estate related UCCs are still found at the County Clerk's office. Many counties will not perform UCC searches. Use search request form UCC-11. UCC search fee is \$5.00 per debtor name. Copy fees vary widely.

## Online Access:

Some counties provide online access, but access is primarily via vendors. Three vendors with the most participating counties are:

- Access to recorded indexes for 34 Kentucky counties for a fee is found at <https://www.ecclix.com>. A subscription is required. See homepage for fees.
- Access to recorded documents and/or tax records is provided for 16 Kentucky counties by a vendor at [www.kylandrecords.com/](http://www.kylandrecords.com/). Fees are involved, must choose "per land or tax." Images files provided.
- At least 39 counties participate on the <http://www.qpublic.net/ky/> system for access to parcel data and GIS maps.
