Searching Standards for Federal Courts:

District Courts indexed by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed PACER, the online public access program. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER see the Appendix or go to <https://www.pacer.gov> or call 800-676-6856.

The copy fee is \$.50; \$.10 if electronic document is printed from terminal. Certification fee is \$11.00 per document and \$21.00 for exemplification, if available. If a case is still available from the individual federal court, the search fee is \$30.00. If the case is at the Archives, the case can be ordered from the court. The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information, including fees, at www.archives.gov/research/court-records/55.

Details on the Court Structure

Each **Superior Court** has 3 divisions; **Civil, Criminal, and Family**.

About Criminal Records: In New Jersey the Criminal Code violations are categorized as "indictable," "disorderly persons" or "petty disorderly persons" offenses rather than felonies or misdemeanors. An indictable offense is equivalent to a felony in other states, while a non-indictable offense is equivalent to a misdemeanor in other states. Indictable crimes are classified from the 1st through 4th degree, with 1st degree crimes being the most serious. In general:

- Petty disorderly person offenses are punishable by up to 30 days in jail and a fine up to \$500.
- Disorderly person offenses are punishable by up to six months in jail and a fine up to \$1,000.

Civil cases in which the amount in controversy exceeds \$15,000 are heard in the Civil Division of Superior Court.

Cases in which the amounts in controversy are between \$3,000 and \$15,000 are heard in the Special Civil Part of the Civil Division. Those in which the amounts in controversy are less than \$3,000 also are heard in the Special Civil Part and are known as Small Claims cases.

Civil cases in which monetary damages are not being sought are heard in the General Equity Division of Superior Court. General Equity judges handle non-jury cases such as those involving trade secrets, labor matters, foreclosures and other disputes in which court relief, often in the form of restraining orders, is sought on an emergency basis.

Family related cases, such as those involving divorce, domestic violence, juvenile delinquency, child support, foster-care placements and termination of parental rights, are heard by the **Family Division**.

Probate can be handled by either the **Surrogates' Courts** or by the **Chancery Division, Probate Part of the Superior Court**. When handled by the Surrogate Court, the matter is uncontested. If there is a dispute or opposition, then the matter is handled by the Probate Part of the Superior Court. Note that Surrogate Courts are overseen by the county, not the state.

The **Tax Court** is a court of limited jurisdiction that hears appeals of tax decisions made by County Boards of Taxation or decisions made by the Director of the Division of Taxation on such matters as state income, sales and business taxes, and homestead rebates.

The **Municipal Courts** have responsibility for motor vehicle and parking tickets, minor criminal offenses, municipal ordinance offenses, and other offenses, such as fish and game violations. Many Municipal Courts combine their proceedings with other Muni courts.

Record Searching Facts You Need to Know

Fees and Record Searching Tips

First - be aware that Cape May County offices are located in City of Cape May Court House, and not in City of Cape May.

Search requests should be addressed separately to each for the three divisions within the Superior Court.

There are state guidelines for Superior court record fees. Copies of paper records provided to the public are \$.05 per page for letter size and \$.07 per page for legal size. A certified copy is \$15.00; an exemplified copy is \$50.00; a Certification of a Statewide Judgment Lien is \$10.00. Not all courts may necessarily follow these pricing mandates. See www.judiciary.state.nj.us/superior/copies_court_rec.htm#caf. A case record request form is at http://www.judiciary.state.nj.us/forms/10200_records_req.pdf. One must have the case number for civil. If for a criminal case and the docket number is not known, one must supply the defendant's name and the last four digits of the SSN. The request form may be emailed to SCCOMailbox@judiciary.state.nj.us.

The Superior Court Records Center in Trenton will provide copies of civil, divorce, and general equity records statewide. The case number must be supplied first. Call 609-292-4804 for further details.

Criminal name searches may be done in person at the court house using the public access terminals (see *About Promis/Gavel* below). Many Superior Courts direct non in-person search requesters to the New Jersey State Police (NJSP) Records and ID Section at 609-882-2000, x2991 or x2918. This organization reportedly has the most complete database publicly available.

About PROMIS/Gavel and Criminal Record Searches

Originally developed for county prosecutors, the PROMIS/Gavel is an automated criminal case tracking system providing the case management functions including docketing, indexing, noticing, calendaring, statistical reporting, etc. PROMIS/Gavel is interactive with the courts as well as with the NJSP. However, there are two versions of the PROMIS/Gavel system available to the public. A filtered PROMIS/Gavel Public Access (PGPA) system is available online, while a more robust system is shown on the public access terminals at court locations.

Online Access is Available - Some Systems are Limited

There are several online search systems individually provided by the Judiciary for civil and criminal case information.

A limited information system of criminal records - PROMIS/Gavel - has public access at <https://njcourts.judiciary.state.nj.us/web15z/ExternalPGPA/>. This is NOT the same system and content as displayed on the public access terminals at the court houses - although both are called PROMIS Gavel. The online system is referred to as "filtered" because it does not include soundex name searching. Also it does not show offenses or petty offenses recorded in the 530+ Municipal Courts, unless they are filed with indictables which are filed at the Superior Court. The more serious of these petty offenses include drug offenses, violence, theft, sexual assault, and pedophilia. An AOC press release about the PGPA states, "The court records obtained from PROMIS/Gavel do not constitute a criminal history records check, which must be obtained through law enforcement."

Therefore this online system is not equivalent to an onsite search and is considered to be only a supplemental search. In addition, a study performed by a NJ Private Investigator showed excessive data lacking from the online system.

A free statewide access service (ACMS Public Access) to civil cases is available at <http://njcourts.judiciary.state.nj.us/web15z/ACMSPA/>. One may search by name or docket number. If a name search is performed, it is name only - no personal identifiers are shown except an address on docket. There is a strong disclaimer.

An online search of civil judgments and liens is offered online at <https://njcourts.judiciary.state.nj.us/web15/JudgmentWeb/jsp/judgmentCaptcha.faces>.

Also, the agency offers a much more robust program, called the Electronic Access Program, to civil case docket and summary information from four separate state information systems. Included are the Automated Case Management Systems (ACMS) (mentioned above), the Civil Judgment and Order Docket, the Family Automated Case Tracking System (FACTS), and the Automated Traffic System (ATS). The fee is \$1.00 per minute. Subscribers receive only a screen view; the ability to perform downloads or data extraction (screen-scraping) is not offered. This information is in 'real-time'. When a new case or document is entered by court personnel, the information is immediately available to the public for viewing. For more data and enrollment forms see the page at www.judiciary.state.nj.us/superior/eap_main.htm.

The Judiciary's civil motion calendar and schedule is searchable at www.judiciary.state.nj.us/calendars.htm. The database includes all Superior Court Motion calendars for the Civil Division and proceeding information for a six-week period (two weeks prior to the current date and four weeks following the current date).

New Jersey Recording Offices

Organization:

21 counties, 21 recording offices. The recording officer title varies depending upon the county, either the Register of Deeds or the County Clerk. The Clerk of Circuit Court records the equivalent of some state's tax liens. New Jersey is in the Eastern Time Zone (EST).

Types of Documents Recorded:

Documents filed and recorded include mortgages, deeds, assignments, cancellations or discharges of mortgages, lis pendens, construction and federal liens, tax sale cert., subdivision and plat map, trade names, and other documents as presented.

Searching Real Estate Records: Searching UCC Records:

No counties will provide real estate searches. Copy and certification fees vary. Assessment and tax offices are at the municipal level.

Financing statements are filed at the state level, except for real estate related collateral, which are filed with the County Clerk. However, prior to 07/2001, filings on consumer goods were also filed at the County Clerk and these older records can be searched there. Less than half of the recording offices will perform UCC searches. Use search request form UCC-11. UCC search fee is usually \$25.00 per debtor name.

Searching Tax Lien Records:

All federal tax liens are filed with the County Clerk/Register of Deeds and are indexed separately from all other liens. State tax liens comprise two categories - Certificates of Debt are filed with the Clerk of Superior Court (some, called docketed judgments are filed specifically with the Trenton court), and Warrants of Execution are filed with the County Clerk/Register of Deeds. Few counties provide tax lien searches.

Online Access:

There is no statewide access to recorded documents or property tax records from the government. However, however most counties offer online access themselves or data is available from a vendor.

Below is information about several notable vendors with widespread services.

- Eight counties participate at www.njcountyrecording.com for record searches of recorded documents.
- A statewide database of property tax records can be accessed at <http://taxrecords.com>. There is both a free and subscription service. Register for the free or the fee services at <http://imac.taxrecords.com/login/signup.html?url=www.taxrecords.com>. Caution is advised, the data appears to be old and no firm throughput details are given.
- Access property assessment data free for all counties is at [http://tax1.co.monmouth.nj.us/cgi-bin/prc6.cgi?menu=index&ms_user=glou&passwd=.](http://tax1.co.monmouth.nj.us/cgi-bin/prc6.cgi?menu=index&ms_user=glou&passwd=)
