Searching Standards for Federal Courts:

District Courts indexed by defendant, plaintiff, and by case number. Bankruptcy Courts usually index by debtor and case number. Most case files created prior to 1999 were maintained in paper format only. Since 2006, all cases are filed electronically. Paper case files may be stored at the courthouse or forwarded to a designated Federal Records Center (see <http://archives.gov/frc>), the timeframe determined by the Court. These case files may be obtained via the Court or directly from the FRC.

Case data may be viewed PACER, the online public access program. An account is required, the fee is \$.10 per page; there is no fee if a usage does not exceed \$15.00 in a quarter. For details about PACER

The fee to retrieve a paper file is \$64.00 for the first box and \$39.00 ea add'l box. Also, the public can order copies direct online from the National Archives. Copies can be delivered by mail, fax, or email. See more information, including fees, at www.archives.gov/research/court-records/ .55.

The Supreme Court and Appellate Courts

The Supreme Court of Pennsylvania is the highest court in the Commonwealth and is the oldest appellate court in the nation, dating to 1684. The Supreme Court can take up any case in any court in Pennsylvania if it considers an issue of immediate public importance to be at stake. When it does this, the court exercises one of two powers known as the "King's Bench" power or the power of "extraordinary jurisdiction." View opinions and dockets from www.pacourts.us/courts/supreme-court/court-opinions/.

The Appellate Court level has two courts - the **Commonwealth Court** and the **Superior Court**. The Commonwealth Court also acts as a court of original jurisdiction, or a trial court, when lawsuits are filed by or against the Commonwealth. View opinions and docket at www.pacourts.us/courts/supreme-court/court-opinions. View Appellate Decisions at <https://uisportal.pacourts.us/DocketSheets/Appellate.aspx>.

Details on the Court Structure

The **Courts of Common Pleas** are the general trial courts, with jurisdiction over both civil and criminal matters and appellate jurisdiction over matters disposed of by the special courts. Note that the **civil records clerk** of the Court of Common Pleas is called the **Prothonotary**. The Prothonotary, who is elected by the county and is not a state employee, may also handle recorded documented (such as real estate). But Allegheny County (Pittsburgh) civil records are an exception. In 2008, a Dept. of Court Records Civil/Family Division was created and civil records were removed from the Prothonotary Office. The Superior Court is a Court of Appeals. Probate is handled by the **Register of Wills**.

The **Philadelphia Municipal Court** is a Court of Record and hears felony cases. Philadelphia also has its own Traffic Court. The **Pittsburgh Municipal Court** is not a court of record, but does have criminal, traffic, and non-traffic divisions.

The **Magisterial District Justice Courts**, designated as "special courts," also handle civil cases up to \$8,000. These courts are in all counties except Philadelphia. Small claims cases are usually handled by the Magisterial District Justice Courts; however, all small claims are recorded with the other civil records through the Prothonotary Section of the Court of Common Pleas, which then holds the records. The same is true for misdemeanor records; they too go to the Court of Common Pleas. The only misdemeanor records held by the Magisterial District Courts are cases waived or dismissed. Thus it is not necessary to check with each Magisterial District Court, but rather to check with the county Common Pleas for criminal and Prothonotary for civil.

Record Searching Facts You Need to Know

Fees and Record Searching Tips

Fees vary widely among jurisdictions and change often. The copy fee for records in Magisterial Courts is mandated not to exceed \$.25.

Many courts will not conduct searches due to a lack of personnel or, if they do search, turnaround time may be excessively lengthy. Many courts offer public access terminals for in-person searches.

Online Access is Fairly Widespread

The web page at <https://uisportal.pacourts.us/> provides a variety of Judiciary's information. The Public Web Docket Sheets option provides access to search, view and print the docket sheets for Appellate Courts, Criminal Courts of Common Pleas, Magisterial District Courts and the Philadelphia Municipal Court. In addition, a Court Summary Information report is available for Criminal Courts of Common Pleas and Philadelphia Municipal Court cases. There is also a tab with access to Court Calendars to the Common Pleas and Magisterial Districts courts schedules.

Also from this web page, there is an Attorney Services section that provides attorneys and pro se litigants the option to file documents electronically on new and existing cases and view ongoing case data.

Take caution using the public accessible Docket Sheets system.

1) Professional researchers indicate certain discrepancies: The UJS dockets may lack sentencing information, have incomplete gradings, lack mention of violation of probations, and alias' may not always be listed. Also, per local researchers, there are instances when some records may have incomplete or missing terms of probation or amended charges on the UJS system. Plus the site states: *Recent entries made in the court filing offices may not be immediately reflected on these docket sheets.*

2) The Disclaimer states: *Docket sheet information should not be used in place of a criminal history background check, which can only be provided by the Pennsylvania State Police. Employers who do not comply with the provisions of the Criminal History Record Information Act (18 Pa.C.S. Section 9101 et seq.) may be subject to civil liability as set forth in 18 Pa.C.S. Section 9183.*

At least 30 PA counties have signed on with the Infocon County Access System to provide a commercial direct dial-up to primarily county real estate related public records. Some counties also include civil (Prothonotary) records. There is a \$25.00 base set-up fee plus a minimum \$25.00 per month with a \$1.10 fee per minute. For information, call Infocon at 814-472-6066 or visit www.infoconcountyaccess.com.

A vendor at www.landex.com/remote provides access to the index and to some file images for Register of Will records from nineteen counties. Fees are involved. Participating counties include: Armstrong, Blair, Bradford, Cameron, Clearfield, Columbia, Crawford, Fayette, Franklin, Juniata, Luzerne, Monroe, Northumberland, Perry, Potter, Snyder, Sullivan, Susquehanna, and Tioga.

Pennsylvania County Locator

You will usually be able to find the city name in the City/County Cross Reference below. In that case, it is a simple matter to determine the county from the cross reference. However, only the official US Postal Service city names are included in this index. There are an additional 40,000 place names that people use in their addresses. Therefore, we have also included a ZIP/City Cross Reference immediately following the City/County Cross Reference.

If you know the ZIP Code but the city name does not appear in the City/County Cross Reference index, look up the ZIP Code in the ZIP/City Cross Reference, find the city name, then look up the city name in the City/County Cross Reference. For example, you want to know the county for an address of Menands, NY 12204. There is no "Menands" in the City/County Cross Reference. The ZIP/City Cross Reference shows that ZIP Codes 12201-12288 are for the city of Albany. Looking back in the City/County Cross Reference, Albany is in Albany County.
